

# THE ROOF OF AFRICA

## SOUTH AFRICA & LESOTHO

The Roof of Africa Tour is a journey defined by altitude, contrast, and the pure thrill of the ride — crafted for riders who seek dramatic landscapes, iconic mountain roads, and the unmistakable sense of achievement that comes from riding somewhere truly extraordinary.

The adventure begins in Cape Town, where ocean meets mountain and the road pulls you east through sweeping coastal stretches and rolling countryside. From here, the landscape steadily rises and transforms, carrying you away from the coast and deep into the heart of Southern Africa. Each day delivers flowing roads, wide horizons, and a growing sense of anticipation as the mountains loom ever closer.

At the centre of the journey lies the legendary Sani Pass — a high-altitude ascent that defines the tour. Carved into the mountains on the border of South Africa and Lesotho, it is a road that demands respect and rewards commitment, climbing through rugged terrain to panoramic views that feel almost unreal. Reaching the summit and crossing into the Kingdom of Lesotho is a moment few riders ever forget.

Along the way, the experience extends beyond the bike. Time in a private game reserve offers the chance to witness Africa's wildlife in its natural setting, while optional adventures — including the opportunity to cage dive with great white sharks — add an extra layer of adrenaline for those who want it.

This is not just a ride from A to B.

It is a progression — from sea level to the skies, from comfort to challenge, from the familiar to the unforgettable.

If you're searching for a tour that tests your riding, rewards your spirit, and leaves you with a deep sense of accomplishment...

Welcome to the Roof of Africa.
